Dear Mr. Fitzwater:

Thank you so much for the hospitality during my visit to the Agency last week. The orientation program was very well done. I found a great majority of our briefers to have been candid and forthcoming.

I was delighted to have the opportunity to meet you and discuss your vast and wide-ranging operation. I particularly appreciate the time you personally spent showing me the building and explaining some of your longer ranged projects. Again, two days well spent. Thank you very much for making it possible.

Respectfully,

Albin G. Wheeler
